

METAIS

CATÁLOGO ~ 2024

vida em movimento

Navegue pela essência da natureza, onde a força inabalável das águas

se entrelaça com a solidez que a nossa marca inspira.

Dax, um nome celta que ecoa a importância das águas ancestrais,

nos conduz por um caminho de encanto.

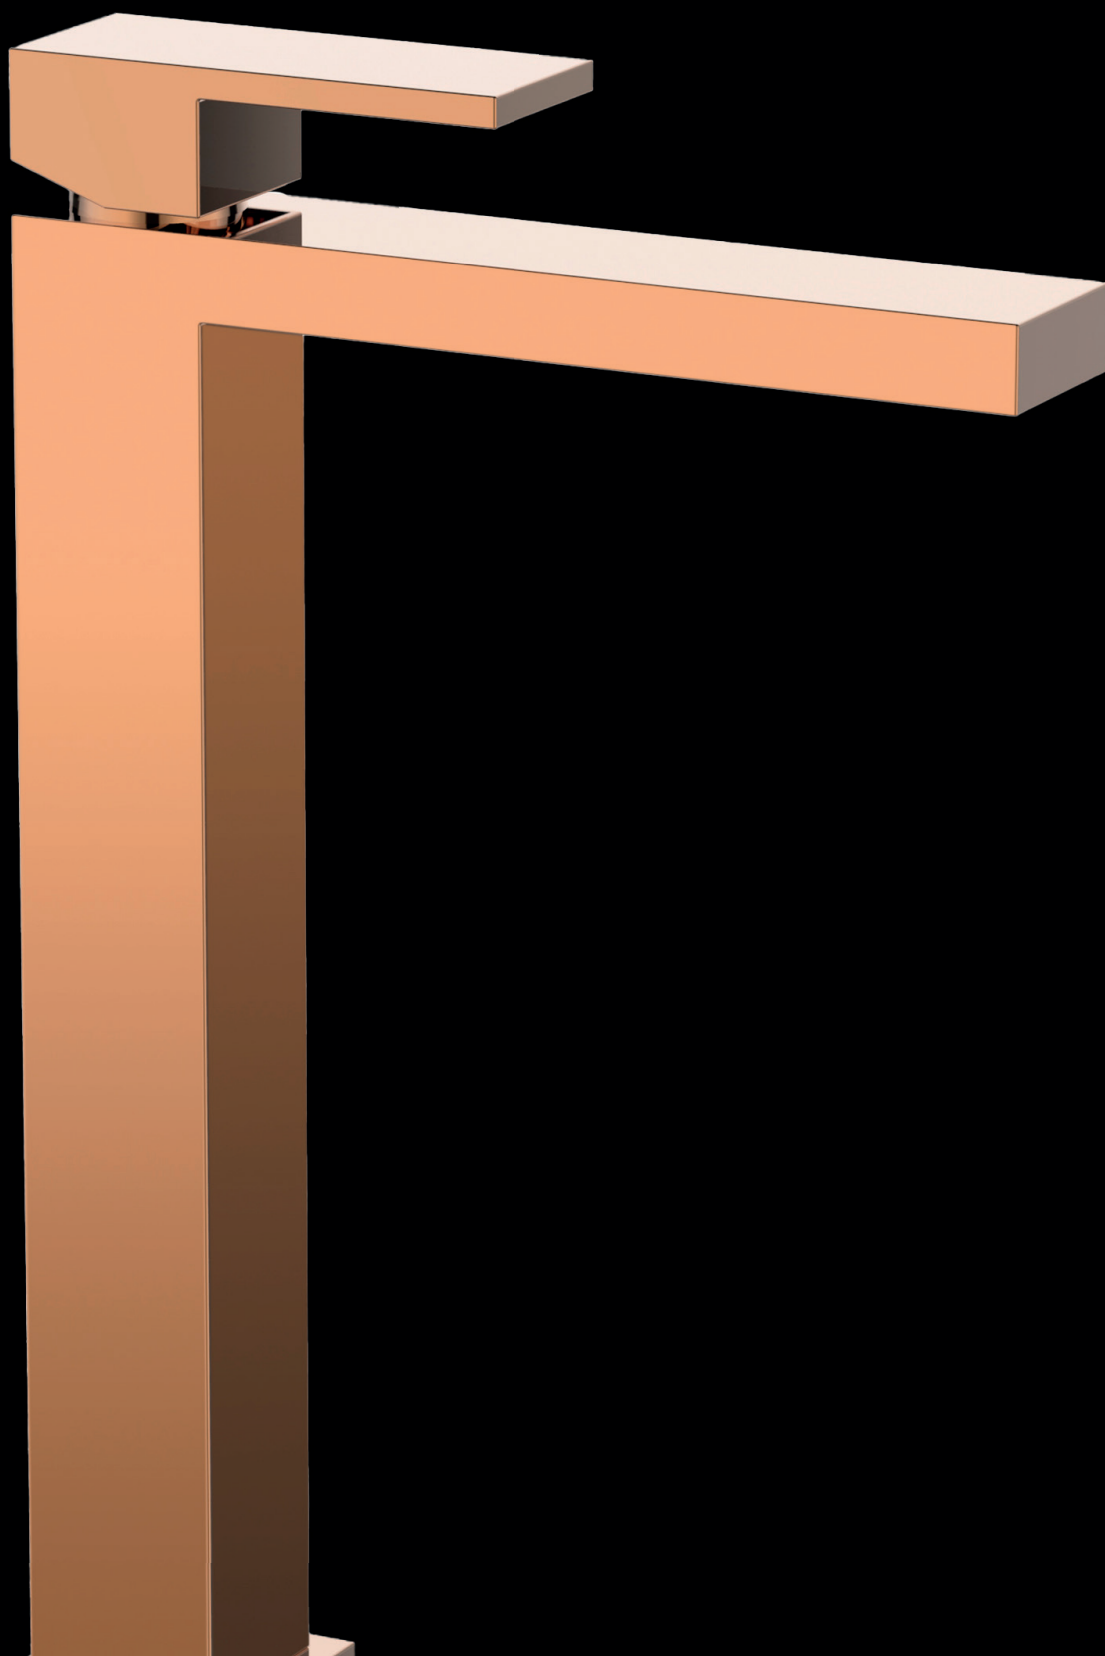

Cada linha é uma ode aos rios e cachoeiras,

um tributo à fonte que inspira nossas criações.

Seja bem vindo ao universo Dax, onde água e vida

se entrelaçam em um eterno abraço

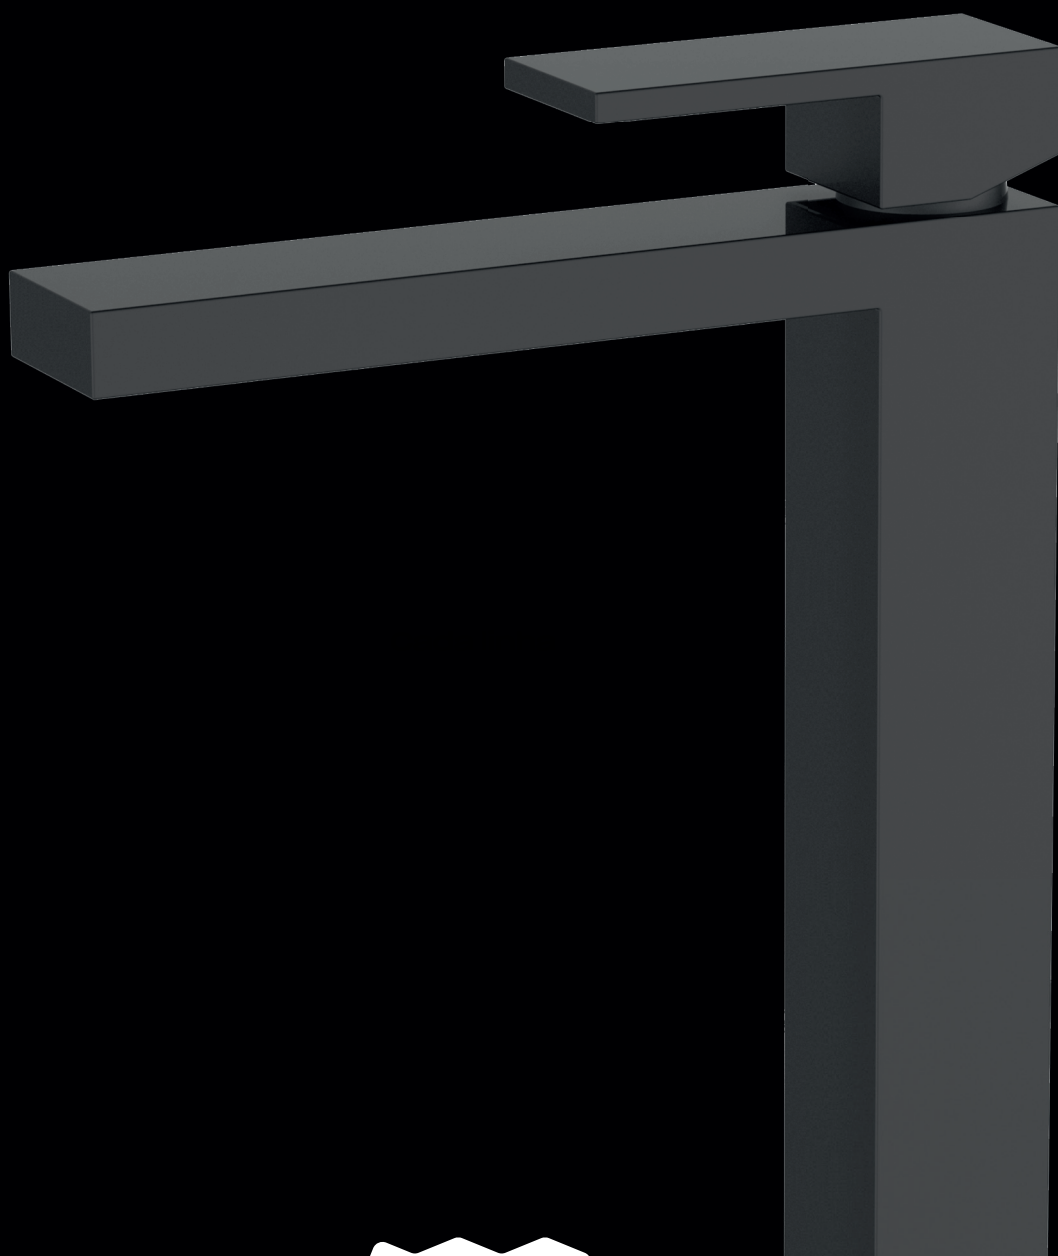

BANHHEIRO E LAVABO }

Aqui, o design encontra a funcionalidade para criar espaços que aliam beleza e uso inteligente.

São produtos projetados para oferecer praticidade e estilo.

Assim como as águas fluem com propósito, cada peça Dax cumpre com excelência sua função.
